INSTRUCTIONS

1. Wipe a damp sponge over the entire plate to remove dust and contaminants.
2. Trace the pattern and lettering onto the tissue paper with a pencil.
3. Place the tissue paper over the plate and trace over the pencil lines with a dark water-based marker. Hold onto the tissue carefully so that the design doesn't shift as you trace.
4. Paint 3 coats of Storm on the bottom wing feathers, face, and belly.
5. Paint 3 coats of Mocha Java on the head, body, and top of the wings.
6. With a liner brush, paint 2 thick coats of Safari for the belly feathers.
7. Paint 3 coats of Licorice on the eyes and beak.
8. Add dots with Snow Flake on the eyes for eyes shine and a swoop on the beak for glare.
9. Fill a writer bottle with some Licorice.
10. With the writer bottle and medium tip, trace over the lettering.

TIPS

- Allow paint to dry between coats.
- Wash brush between colors.
- Use a contrasted colored marker to make the pattern more visible as you are painting.
- Use masking tape to hold the tissue paper while you are tracing if it shifts.
