TYE DYE CUP

MATERIALS

- Tumbler (SKU DB21996)
- One Big Paint brush
- Your color choice of 4 or less colors.
- A sheet of paper to roll the bisque on

TIPS

- Dont smash the piece into the paint, roll it on top.
- It is important to shake the paint each time you dip it to prevent any spreading because the paint will be too thick.

INSTRUCTIONS

1. Sponge and Water Bowl for cleaning the bisque.
2. One a sheet of printer paper pour paint on top of each other. Colors in image are #55, #39, #16, #17, and #5.
3. Take the cup and roll it onto the paints. Do not smash the cup into the paint but roll it on top of it.
4. Continue doing this to the whole entire cup. Begin to shake off excess paint each time you roll on piece into the paint. Once the paint is all dry I used the sponge to clean up any paint that got into the cup. Once that was complete I painted the whole inside #31.
