INSTRUCTIONS

1. Wipe a damp sponge over the entire piece to remove dust and contaminants.
2. With the fan brush, evenly apply Cinnamon Stick to the human's hand. Press the hand onto the center of the tray, apply even pressure over both the fingers and palm, and lift the hand straight up to avoid smearing.
3. With the round brush, apply Christmas Tree to the animal's paw. Press the paw onto the center of the human's palm, apply even pressure, and lift the paw straight up to avoid smearing.
4. Fill 4 writer bottles, each with one of the following colors: Guacamole, Kiwi, Sea Mist, and Turquoise.
5. Lightly pencil "Mom" or "Dad" and the animal's name.
6. With a liner brush, carefully trace over the lettering.
7. Lightly pencil the tropical leaf designs around the prints. Use the attached pattern sheet for inspiration.
8. Trace over and color in the leaf patterns with the Guacamole, Kiwi, Sea Mist, and Turquoise.
9. Using the back of the pencil like a stamp, add Orange Juice dot accents around the leaves.
10. Lastly, add Licorice dots around the rim of the tray with the back of the pencil.

TIPS

- Allow paint to dry between coats.
- Wash brush between colors.
- For the best prints, apply the color as evenly as possible. Too thin and your print will not show all the way. Too thick and the print will not show the texture of the skin.
- After you have evenly applied the color, gently place the hand onto the pottery. Make sure to apply pressure to each finger and the palm of the hand for a nice, balanced print.
- For best prints, apply the color specifically on the pads only. Avoid the fur between the pads for a cleaner print.
