

INSTRUCTIONS

1. Wipe a damp sponge over the pottery to remove dust and contaminants.
2. Paint 1 thick coat of Red Head all over the bank until no white is showing.
3. When the color has lost its shine, take a slightly damp round sponge and gently wipe the color off the pottery. You want to wipe lightly, removing the color from just the raised parts of the texture. This will leave the color in just the cracks, giving it an antiqued look. For best results, continually rinse your sponge in your water bowl while you wipe, as needed, and squeeze out the water well so it doesn't drip onto your pottery.
4. Starting with a wet fan brush, fully load the brush with Pink Berry. Coat the entire bank with broad strokes. Reload the fan brush with color every other brush stroke to help the color go on evenly.
5. Repeat Step 4.

TIPS

- Allow paint to dry between coats.
- Wash brush between colors.
- If you wipe too much color off while antiquing, just apply more of the dark color, let it dry until it has lost its shine, and re-wipe with the round sponge.
