INSTRUCTIONS

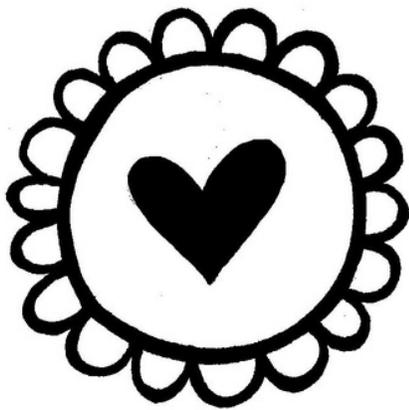

1. Use a pen to trace on your NCR pattern or use thickened Chiffon, Pink Berry, and Pretty In Pink to apply heart silkscreen. These will go all over and face in different directions
2. If using NCR to apply the hearts, use your detail brush and paint in the designs. We used all three shades of pink. You could also use stamps for this step.
3. Use a fan brush to apply 3 coats of your favorite pink to the base. We did Pretty In Pink on ours.
4. Then use a pen to trace on your NCR "MOM" or use thickened Mocha Java to apply "mom" silkscreen.
5. If using NCR to apply the word mom, now use one coat of Mocha Java and a detail brush to trace. You could also use stamps for this step.

TIPS

- When applying the pattern, make sure the color underneath is dry.
- Press down firmly to make sure it's transferring.
- Always peel the paper back to make sure you've transferred before removing.
- When outlining with a liner brush, hold the brush straight up and down to get thinner lines, and press down for thicker lines.
