*Color Me Mine®*

## INSTRUCTIONS

- 1 Grab 4 different large brushes to make this project even more simple.
2. Each measuring cup is a different color. From smallest to largest we did: Blush, Guacamole, Chiffon, Red Hot.
3. We are going to paint 3 coats of the color on each cup.
4. Start by doing 1 coat on each of the cups, then start back again to do the second coat, then the third coat.
5. That is it! All done!!

## TIPS

- It's easiest to use 4 different brushes so that you don't have to rinse in between.
- Keep a note paper and pen around to remind yourself how many coats you've done.
- Be generous with the paint to get the most even color.
