9. Then, fill in the spider body with 3 coats of Licorice.
10. Finally, add the faces and details to the characters , such as the legs and string for the spiders, and the detail on the bat wings.

## TIPS

- 3 coats of paint will give you nice solid colors.
- Don't be too stressed about the characters being perfect, we are going for cute and quirky
- The harder you push down on the brush, the thicker the line will be. So, on the details keep the brush straight and don't press down to get the finest lines.
